DAYTONA

Mr. and Mrs. E. H. Wilkerson, of
St. Louis, Mo., who are represent-
ing the American Woman's League,
have been very successful, having
established a large membership,
which will be known as the Chero-
kee Chapter of the American Woman's
League. The object of this
society is along literary and phil-
anthropic lines, a large library be-
ing at the disposal of the member-
ship. There is also a course of
home study in any desired profes-
sion. There is also an orphan's
home and old ladies home, which
are prominent features. The club
membership is \$52.00 for the gentle
persuasion, and \$100.00 for men.
Mrs. Abbott was elected president,
Mrs. I. M. Mabbette, secretary, Mrs.
Silas Mills, treasurer. The society
has had a very interesting meeting,
and has begun under most auspici-
ous circumstances. A chapter
house will be built in the coming
future, and this is a favorable op-
portunity for the endowment of a
pleasant site by some benevolent
party. Touching as it does upon
literary, educational and charitable
features, it appeals to all. Mr. and
Mrs. Wilkerson have been untiring
in their efforts, and have been given
a very pleasant reception. They
left Monday for DeLand, where
they have organized a similar club.
The following are members enrolled
Mrs. S. H. Gove, Mrs. E. Pratt, Mrs.
Abbott, Mrs. I. M. Mabbette, Mrs.
Silas Mills, Mrs. W. E. French,
Mrs. C. B. Garrison, Mrs. E. N. Wal-
dron, Mrs. F. A. White, Mrs. E. A.
Freeman, Mrs. Annie Manning,
Mrs. James L. Wilcox, Miss Lillian
Thompson, Miss Grace Smith, Miss
Cross.

Mrs. Gus Johnson, who has been
very seriously ill at Dr. Klock's
sanitarium, was removed home this
week, and is now rapidly recover-
ing.

Dr. Roy Howe, who has been at-
tending the Smallwood boy, who
sustained injuries in an auto col-
lision last week, reports no serious
complication, and thinks the boy
will be out in a few days.

Mr. A. L. Howard, of Lebanon,
Ohio, who has been a guest at the
Magnolia, was called home last
week on account of the illness of his
wife, whom we are glad to note is
convalescent at this writing.

Magnolia arrivals: Mr. C. M.
Russell, Sterling, Ill.; Miss Annie
F. Russell, Sterling; Mrs. L. A.
Sampson, Mr. and Mrs. W. H. Rus-
sell, Westfield, Mass.; Howard H.
Gordon, Indiana; W. H. Knecht
and wife, Winchester, Ind.; W. H.
Snyder, Michigan.

SEABREEZE

The Wide Awake was chartered
Monday by Messrs. Montgomery
and families, of Georgetown, Ky..
The trip extended to Mosquito In-
let seventy-three pounds of bass
being snared. Captain Holland is
noted for his courtesy, and carries
all kinds of fishing tackle, also bait,
when procurable.

Mr. S. E. Gilmore is kept quite
busy taking out parties in his new
Cadillac. A pleasant party to No.
9 were Mrs. Goodrum, Mrs. Stone,
Mrs. Vining and Mrs. Evernden.

Dr. Bethel and wife, guests at
the Princess Issenna, chartered
Mr. S. E. Gilmore's car for a pleas-
ant spin to New Smyrna last Sat-
urday.

Mr. Miller, an author and lecturer
of Indiana, will entertain the Ep-
worth League Wednesday evening
with a very interesting talk and
chart description of the biblical
ages, at the M. E. church.

The ladies Aid Society of the
Congregational church gave a ba-
zaar Wednesday evening, which
was very largely attended. The
display of dainty needlework was
very pretty and exhibited much
industry. A neat sum was realized.

Mr. Chas. Burgman went to De-
Land Tuesday in Mr. Gilmore's car.

Mr. W. C. Cannons, of DeLand,
has purchased five lots in the new
division in Seabreeze; lots 7, 8, 9.

TRUE WOMANLY BEAUTY.

No woman can be truly beautiful who
has a yellow complexion caused by a tor-
pid liver. To be beautiful a woman
must have good health, and this can be
accomplished by occasionally using St.
Joseph's Liver Regulator (either liquid
or powders, as you like best.) It keeps
the bowels open, passing off the poison-
ous, effete matter, and in this way puri-
fies the blood and assists in clearing the
complexion. All women should occa-
sionally use St. Joseph's Liver Regula-
tor. Liquid, 50 cents a bottle; powders,
25 cents a box.

10, 11, Block 8, on Grandview ave-
nue, through J. C. Butler.

Mr. and Mrs. W. L. Sonntag and
family left Tuesday for Evansville,
where they were called on business.

Arrangements are being made
for the construction of a \$300,000
hotel at the old site of the Clarend-
on. Prominent business men will
be connected with the new firm.
Dr. E. L. Potter will be proprietor
and manager. There are certain
concessions which the firm requests
of the city, and no council would
refuse, as the building means the
making of Seabreeze for all future.

Mr. Chas. Burgman and Mr. T. F.
Williams went to DeLand Tuesday
in a Buick car.

Mr. John Montgomery was called
home today on business. His fam-
ily will remain a few days longer.

A SEA-DEVIL OR STINGERAY, CAUGHT

WOMAN'S CLUB.

The Woman's Club has been
favored this week with a visit from
the State Federation president,
Mrs. Shackelford, of Tallahassee,
and the members have been glad to
avail themselves of several oppor-
tunities to make her acquaintance.
Mrs. Wideman gave a delightful
reception in her honor, Saturday
evening, and Monday afternoon,
Mrs. Gaudin invited club mem-
bers to meet Mrs. Shackelford at
her home. There were many call-
ers on both occasions.

"Reciprocity Day" seemed a
most fitting time to have a message
from the Federation. At the gen-
eral meeting on Tuesday, Mrs.
Shackelford addressed the club on
"The Work of the Federation." It
was encouraging to hear of
progress since 1893. There are
now twenty-eight clubs in the Fed-
eration with a total membership of
1332.

The program for the day as
arranged by the Reciprocity Com-
mittee, in charge of Mrs. Sheddian
was as follows:

Greetings from the W. C. T.

U. S. ... Mrs. McCrory

The George Juniors Repub-

lic. Mrs. Fiske, Freeville, N. Y.

Selected Readings Miss McCaslin

Some Experiences in the

Philippines

Mrs. Conjer, Akron, Ohio.

The literary department will
meet with Mrs. Farrah Tuesday,
March 9, at 3 o'clock. Subjects
for the day: "William Dean How-
ells," and "Will Carlton."

At the regular meeting of the
Civic department in the club room,
at 3:15 Saturday, March 6, Mrs. R.
M. Peek will read a paper on "The
Trend of Things in Sociological
Work." All members of the club
and their friends are invited to be
present.

GLENWOOD.

The showers so far today have
been very light. We hope for
more.

The orange business has come to
a close for this year in this section.
Everyone seems to be busy
either working in groves or hauling
fertilizers, etc.

Some of the tourists have left
for other places. Dr. Shriver and
wife went on to Cuba after spend-
ing four weeks with friends here.

Mrs. Blee and her cousin visited
Tampa and the State Fair, and
went on to Bradentown and spent
a few days with friends there.

They report a very pleasant trip.

Mr. and Mrs. Strawn, Mr. and
Mrs. Townsend visited Tampa and
St. Petersburg last week, and at-
tended the meeting of the orange
growers in Tampa. They found it
very interesting.

Mr. Strawn's friend from Jack-
sonville, returned home after they
came in from their hunt a few days
ago. They decided game was
scarce or else hard to find.

The Nivers have rented their
home to Mr. Wheeler for a year and
they go to DeLand to spend some
time before going north to spend
the summer with their relatives.

We are very sorry to have our neigh-
bors leave us, but we wish them
well wherever they go.

Mr. Boyd Shoemaker returned to
Daytona after spending some time
with his wife and daughter in Glen-
wood.

Miss Stackhouse, of DeLand, is
the guest of Mrs. J. B. Conrad this
week.

Miss Ethel Sproul and Miss Lena
Bly came out from DeLand Sunday
evening, and attended Endeavor,

returning to DeLand Monday morn-
ing.

Dr. White and Mr. Wheeler are
helping to repair the break in the
DeLeon Springs dam this week.

Mr. Bosbrough's boarding house
has more applicants for rooms and
board than he can accommodate at
present.

Glenwood needs a hotel so that
tourists could find accommoda-
tions, for we certainly have a quiet,
healthy place, suitable for those
who want a quiet place to rest in,
with plenty of Florida fruit and
sunshine.

Mrs. Blee left here the 24th,
going to New Smyrna to meet the
rest of the company, and go on to
St. Augustine and spend a few days
before going on north.

Every day we see autos and hack
and carriages pass by, loaded with
tourists.

THE ROAD TO SUCCESS

has many obstructions, but none so de-
perate as poor health. Success to-day
demands health, but Electric Bitters is
the greatest health builder the world has
ever known. It compels perfect action
of stomach, liver, kidneys, bowels, puri-
fies and enriches the blood and tones and
invigorates the whole system. Vigor-
ous body and keen brain follow their use.
You can't afford to slight Electric Bit-
ters if weak, run-down or sickly. Only
50c. Guaranteed by all druggists.

The total shipments of straw-
berries from Plant City up to last
Thursday were 125,754 quarts.
The shipments for the week were
nearly 20,000 quarts, and the
average price was twenty cents.
